Simon | **M3** series

Boundless & Fearless

simon

*Beauty is in simplicity,
Design without boundaries
Innovation without boundaries
Striving for dreams without boundaries
There is no boundary, and the heart is fearless.*

Large panel Frameless design

*86*86 super large*

Simple contouring

Effectively prevent dustfall

0.9mm thin indicator bar above the panel

Giving soft light in a dark light environment

Simon | M3 series

Matt and fine grain cover Leather texture craft

Delicate touch without fingerprints.

The panel adopts a fine leather texture surface processing, which is sprayed with matte, bringing a visual "advanced feeling" and a delicate and smooth touch feel like fine sand.

The visual impression is as comfortable as the actual touch feeling.

Versatile/Classic/Elegant

White, gray and champagne are most suitable for Nordic style and modern simple decoration style, which can be perfectly integrated into black, gray, white and log home decoration.

White

All-match colors, simple and clean can be matched with all kinds of soft outfit decoration.

Gray

It has a metallic texture and increases the advanced sense of space.

Champagne

Modern and luxurious

Invisible Multi-gang

*Multi-gang hidden frames design keeps the wall neat.
Tidy and Aesthetic. Ensure the visual comfort.
It is possible to combine switch and sockets as you wish.*

Focus on user experience
Detail matters on quality of life

Available in Multi-National sockets

*Comply to international standard
Children safety lock rejects any plugs by abnormal objects, protect safety of family members.*

Child safety lock

Enhance the Internet experience

Whole house network coverage

It is difficult to achieve the whole house Wi-Fi cover with a wireless router alone. Each room is independently configured with a wireless AP router, which is uniformly managed, and the signal is not hindered by penetrating the wall, giving you a stable and smooth Internet experience.

*Strong Signal
Wired and wireless 2in1
Low-radiation*

Aesthetics meets function Footlight with Motion Sensor

*Suitable for bed end and aisle application
automatically lights up at night when detect the people
soft and gentle lit from below is not dazzling
After leaving, it will automatically extinguished with seconds delay.*

Low power consumption

Details matter

Precise structure and select materials.
 Guarantees $\geq 40,000$ switch times life.
 And $\geq 10,000$ plug times life.

Silver alloy contacts

Contact diameter: 3mm, thickness: 1 mm.
 Increase contact area to effectively avoid electric arcs
 and guarantee safe switching on/off.

Integral wiring terminals

Optimized materials and
 simplified structure.

J-type toggle mechanism

Due to this system, the angular
 movement is very precise (only 4.5°),
 making the pushing faster and safer.

Child safety lock

PC structure

Environmental
 friendly

J-Shape
 Connection

Innovative use of current-carrying component.

Resistance reduced to $0.04\Omega \cdot \text{mm}^2/\text{m}$. Compared to
 traditional Cu alloys, the mechanical properties, electrical
 conductivity and heat dissipation are optimized.

One-piece current-carrying parts

Use an integral forming process of the current-carrying parts,
 without riveting or welding to achieve unimpeded current and
 more durable uses.

Saddle wiring

Suitable for stranded and solid wires,
 providing high capacity without
 damaging the wires.

Quality shutter

Shutter does not allow people
 putting strange objects into the
 plug holes for safety.

Quality PC body

No deformation in the heat-resistance test under 100°C.
 Fire extinguish within 20s in the glow-wire test at 850°C.
